This is meant to be supplemental to the full set of Two-Hole Herringbone instructions.

Row 1 – pick up 1 seed bead and 1 two-hole bead, and 3 seed beads.

(The X is to tell you to ignore this bead. Pretend it's not there. I don't want to have to take the photos all over again.)

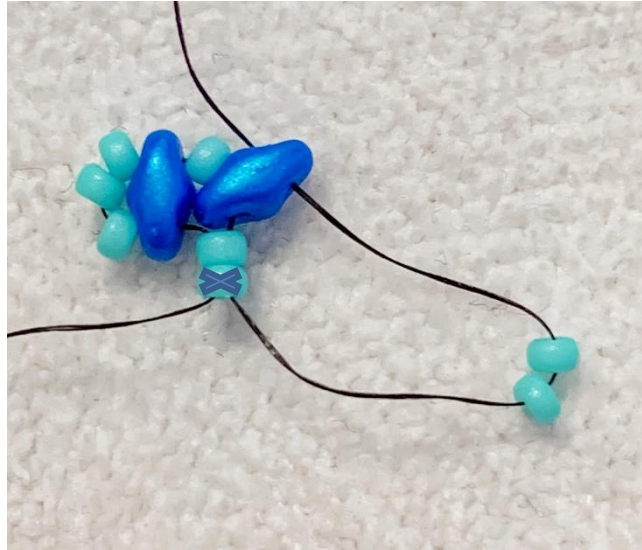

Pass through the top hole of the two-hole bead.

Row 2 – pick up 1 seed bead and 1 two-hole bead. Pass through the seed bead from the previous row.

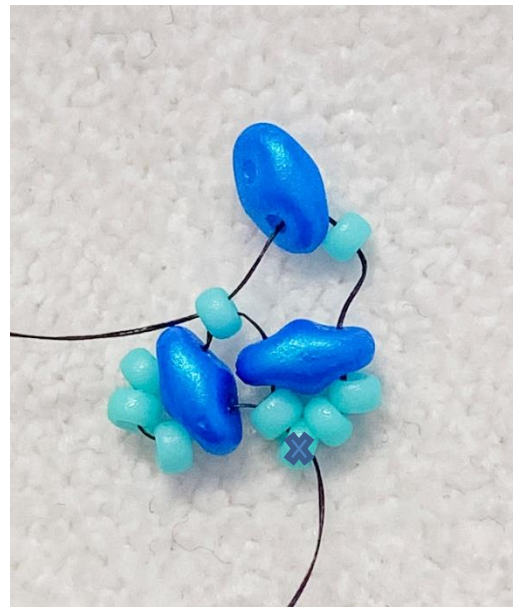

Flip work.

Row 3 – Pick up 2 seed bead and pass through the second hole of the two-hole bead from the previous row.

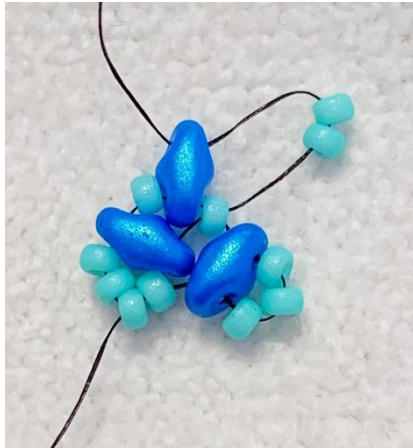

Pick up 1 seed bead and 1 two-hole bead. Pass through the two seed beads from the previous row.

Flip work.

Repeat Row 3 until you have the length desired!

I'll walk you through another round on the following page...

Pick up 2 seed bead and pass through the second hole of the two-hole bead from the previous row.

Pick up 1 seed bead and 1 two-hole bead. Pass through the two seed beads from the previous row.

Flip work.
