See last page for Athos cabochon bezelling instructions.

1) Set your 7 Athos (check special pattern «Component Athos»)

2) Thread until the step n°9 😊

3) Exit your thread like picture, pick up 1 R8 and pass through one link, in the middle of your chain

4) Place your thread into the 4th DB, pick up 1 R8 and link to your chain

5) Place your 7 elements with a distance of 15 mm 😊 Then place your clasp, rings and lobster clasp.

15 mm

6) Minimalist version with only one Athos, very chic 😊 A good idea !

7) Congratulations you have finished
your necklace « Adonis »

Happy beading!
Thank you for respecting my work ©😊
