These festive earrings are a holiday classic! When I saw them, I knew I needed to gather all the components into kits – they're just too fun! They are super easy to make – just a single basic wire loop or wrapped loop. I'll walk you through it…

Load the Beads

On your headpin, load:

- One 8mm pearl
- Rhinestone Rondelle for scarf
- One 6mm pearl
- Squaredelle for hat brim
- Cube crystal for hat

Create the Loop on Top

You can either use a basic wire loop at the top, or a wrapped wire loop. Whichever is your preference.

Basic Wire Loop Option

Make a basic wire loop at the top, either using One Step Loopers, or your round and flat nose pliers. You can find a great video demo here of a basic wire loop: https://youtu.be/NhlOU0OnuOk
And there's a video demo here of how to use the One Step Looper: https://youtu.be/Op-yQv9Jcts

Wrapped Wire Loop Option

Make a wrapped wire loop at the top. You can find a video demo here of a wrapped loop:

Attach the Earring Finding

Using your flat or needlenose pliers, open the loop on your ear wire, and insert the Snowman loop. Then close the ear wire loop.

Repeat for a second earring, and enjoy all the attention you get while wearing them!!

ENJOY!
